# Introduction

---

Welcome to "Little Chefs on the Rise," a social project dedicated to empowering young children with essential cooking skills while fostering entrepreneurial spirit. Our program will offer engaging and educational cooking classes where children learn the basics of culinary arts, food safety, and nutrition. Through hands-on experience, they will create delicious baked goods and treats. The idea for the project is not only to nurture their creativity and teamwork but also to instill a sense of responsibility and confidence.

# Why is it Important Teaching Children to Cook

---

- Life Skills and Independence
- Creativity and Critical Thinking
- Responsibility and Hygiene
- Confidence and Knowledge

“Cooking with kids is not just about ingredients, recipes, and cooking. It's about harnessing imagination, empowerment, and creativity”

---

—Guy Fieri

A large green mug with orange soup is the central focus. A girl with dark hair, red glasses, and a red top is sitting inside the mug. The background is a light yellow paper with various food items scattered around, including a tomato, a carrot, a cherry, a bread, a green pepper, a bunch of grapes, a red pepper, a green bottle, a slice of apple, a fried egg, and a spoon. The number '02' is written in white on a dark green circle.

02

**Place/Budget**

# Budget

10 000 Lv.

## Premises

Local kitchen that works till lunch is available to be rented in the evenings. The rent will be mainly symbolic so they could cover their expenses and electricity.  
- 600/ 700 lv.

## Products

The product we will be using are going to be locally sourced - like vegetables, eggs and more. The budget for a mount will vary around - 500 lv.

## Equipment

We will have to buy our own equipment like aprons, cooking dishes and more. But this will be a purchase will make only once so we are going to spend little bit more. - 2000 lv.

## Advertising

The site is going to be made by us. And additional instagram and facebook pages will be created. We are also going to rely to our community for advertisement.

The "Little Chefs on the Rise" project aims to empower children with valuable cooking and entrepreneurial skills. Through hands-on experience in preparing and selling culinary creations, children will develop independence, self-confidence, teamwork, and problem-solving abilities. The project's success in selling goods to local businesses will create a sustainable funding model, fostering community bonds and contributing to the holistic development of children.

# Social impact

The "Little Chefs on the Rise" project aims to bring children, families, and local businesses together to foster a sense of community. It will provide children with valuable life skills and entrepreneurial experience while boosting the local economy. Additionally, the project will encourage healthier eating habits and create opportunities for intergenerational learning and mentorship. Ultimately, it will strengthen community ties, promote economic growth, and enhance the quality of life in the town.

# Conclusion

---

In conclusion, "Little Chefs on the Rise" is a transformative project that equips children with essential cooking skills, fosters entrepreneurship, and strengthens community bonds. By engaging young participants in culinary arts and local commerce, the initiative not only promotes personal growth and healthy habits but also supports the local economy and encourages community collaboration. This project will leave a lasting positive impact on the town, enhancing the lives of its residents and building a brighter, more connected future.
