

ACTIVE ROMA
YOUTH:
CHAMPIONS OF
CHANGE

EDUCATION

Education as Empowerment

Education is at the heart of Roma youth activism. Many young Roma are advocating for inclusive policies and access to quality education for all, recognizing it as a powerful tool for breaking the cycle of poverty and exclusion. They are excelling in academics, mentoring peers, and partnering with organizations to promote literacy and vocational training within their communities.

Roma youth are also at the forefront of advocating for human rights and equality. Through grassroots campaigns, online activism, and participation in international forums, they address pressing issues such as discrimination, access to housing, healthcare, and employment. Their voices are amplifying the need for systemic changes to dismantle biases and ensure equitable opportunities.

ADVOCATING FOR EQUAL RIGHTS

CULTURAL PRESERVATION

While striving for progress, Roma youth are proud custodians of their rich cultural heritage. They celebrate and share Roma traditions through art, music, dance, and storytelling, bridging the gap between their communities and the broader society. At the same time, they are redefining cultural narratives by infusing modern elements into traditional practices, creating a fusion that resonates with younger generations.

AND INNOVATION

ENVIRONMENTAL AND SOCIAL LEADERSHIP

Active Roma youth are not just advocating for their community but also contributing to global causes like climate change and social justice. Many are leading initiatives focused on sustainability, organizing clean-up drives, and educating others about environmental conservation. Their involvement reflects their commitment to building a better future for all.

EUROPEAN
SOLIDARITY
CORPS

A FUTURE OF HOPE AND LEADERSHIP

Active Roma youth are redefining what it means to be change-makers. Their courage and resilience inspire others, proving that with determination and collective effort, they can overcome challenges and create an inclusive society. By supporting their endeavors, we contribute to a future where everyone has a seat at the table.

TOGETHER
We can make
a difference
